

LVT: LOOSE LAY CARE & MAINTENANCE

INITIAL CLEANING

It is recommended that you sweep & vacuum the area immediately after installation to remove potential damaging soil and debris. You can use the flooring immediately.

CLEANING AGENTS RECOMMENDED

Signature recommends using a pH neutral vinyl floor cleaner as required. Examples of pH neutral floor cleaners are: Bona Stone, Tile, and Laminate Cleaner, ZEP, Diversey Stride, Hilway Direct HD pH Neutral Cleaner, Armstrong's Once-n-Done, etc.

NOTE: The listed cleaning agents are a representation of flooring cleaners that Signature recognizes as acceptable for our products. Other neutral pH cleaner may provide satisfactory results as well. Signature does not warrant any of the cleaning agents or conditions associated with them as the application of them is beyond our control.

RECOMMENDATION OF FLOOR CLEANING MACHINE

Signature approves the use of a low speed (175 rpm) floor-cleaning machine with 3M red or white pad. Signature will not be responsible for damages associated with a floor cleaning machine.

Always rinse the floor thoroughly with clean water and allow to dry as the floor may be slippery when wet. Air movers or fans will speed up drying time.

Note: Never saturate your flooring.

Do not buff, wax or use cleaning products that contain surfactants. Dish lotions, laundry detergents, Murphy Oil Soap cleaners should not be used to maintain the flooring.

NOTE: Never steam clean or use a steam mop on the floor.

MOVING FURNITURE & APPLIANCES

When moving heavy furniture or appliances place a hard surface between the item and the floor and roll or slide the item on it. DO NOT roll or slide them across the floor without this protection. When possible lift the object being careful to avoid injury. Furniture glides may cause damage to your flooring.

Felt pads on chair legs should be installed and replaced periodically, as they wear and accumulate abrasive materials with use and can damage the floor.

Chair pads are required under office chairs. Rolling traffic may damage the flooring and is not warranted.

We recommend the use of non-staining walk off mats at all entryways. Note: Always use non-staining area rugs and mats as they can reduce the risk of permanently staining the flooring caused by latex and rubber backed rugs. Woven rugs may have dye's that can permanently stain the flooring. Using a non- staining padding / mat under it will help reduce that risk.

High heels and spiked shoes, may mark, abrade, or otherwise damage the surface and finish of the floor. This is not a warranted condition.
