

# MYSTIC HORIZONS

*A Visionary Fusion of Design*

Introducing Mystic Horizons, a broadloom and carpet tile collection that redefines hospitality design. Blending AI-driven creativity with the ethereal beauty of the unknown, this collection transforms guest rooms, public spaces, and corridors. It merges digital and organic elements, creating immersive, textural experiences underfoot. The result is a transformative ambiance that evokes emotion, sparks curiosity, and invites guests into a world that feels both familiar and otherworldly.
