

SIENNA SUMMIT

MODERN SOUTHWESTERN POINT OF VIEW

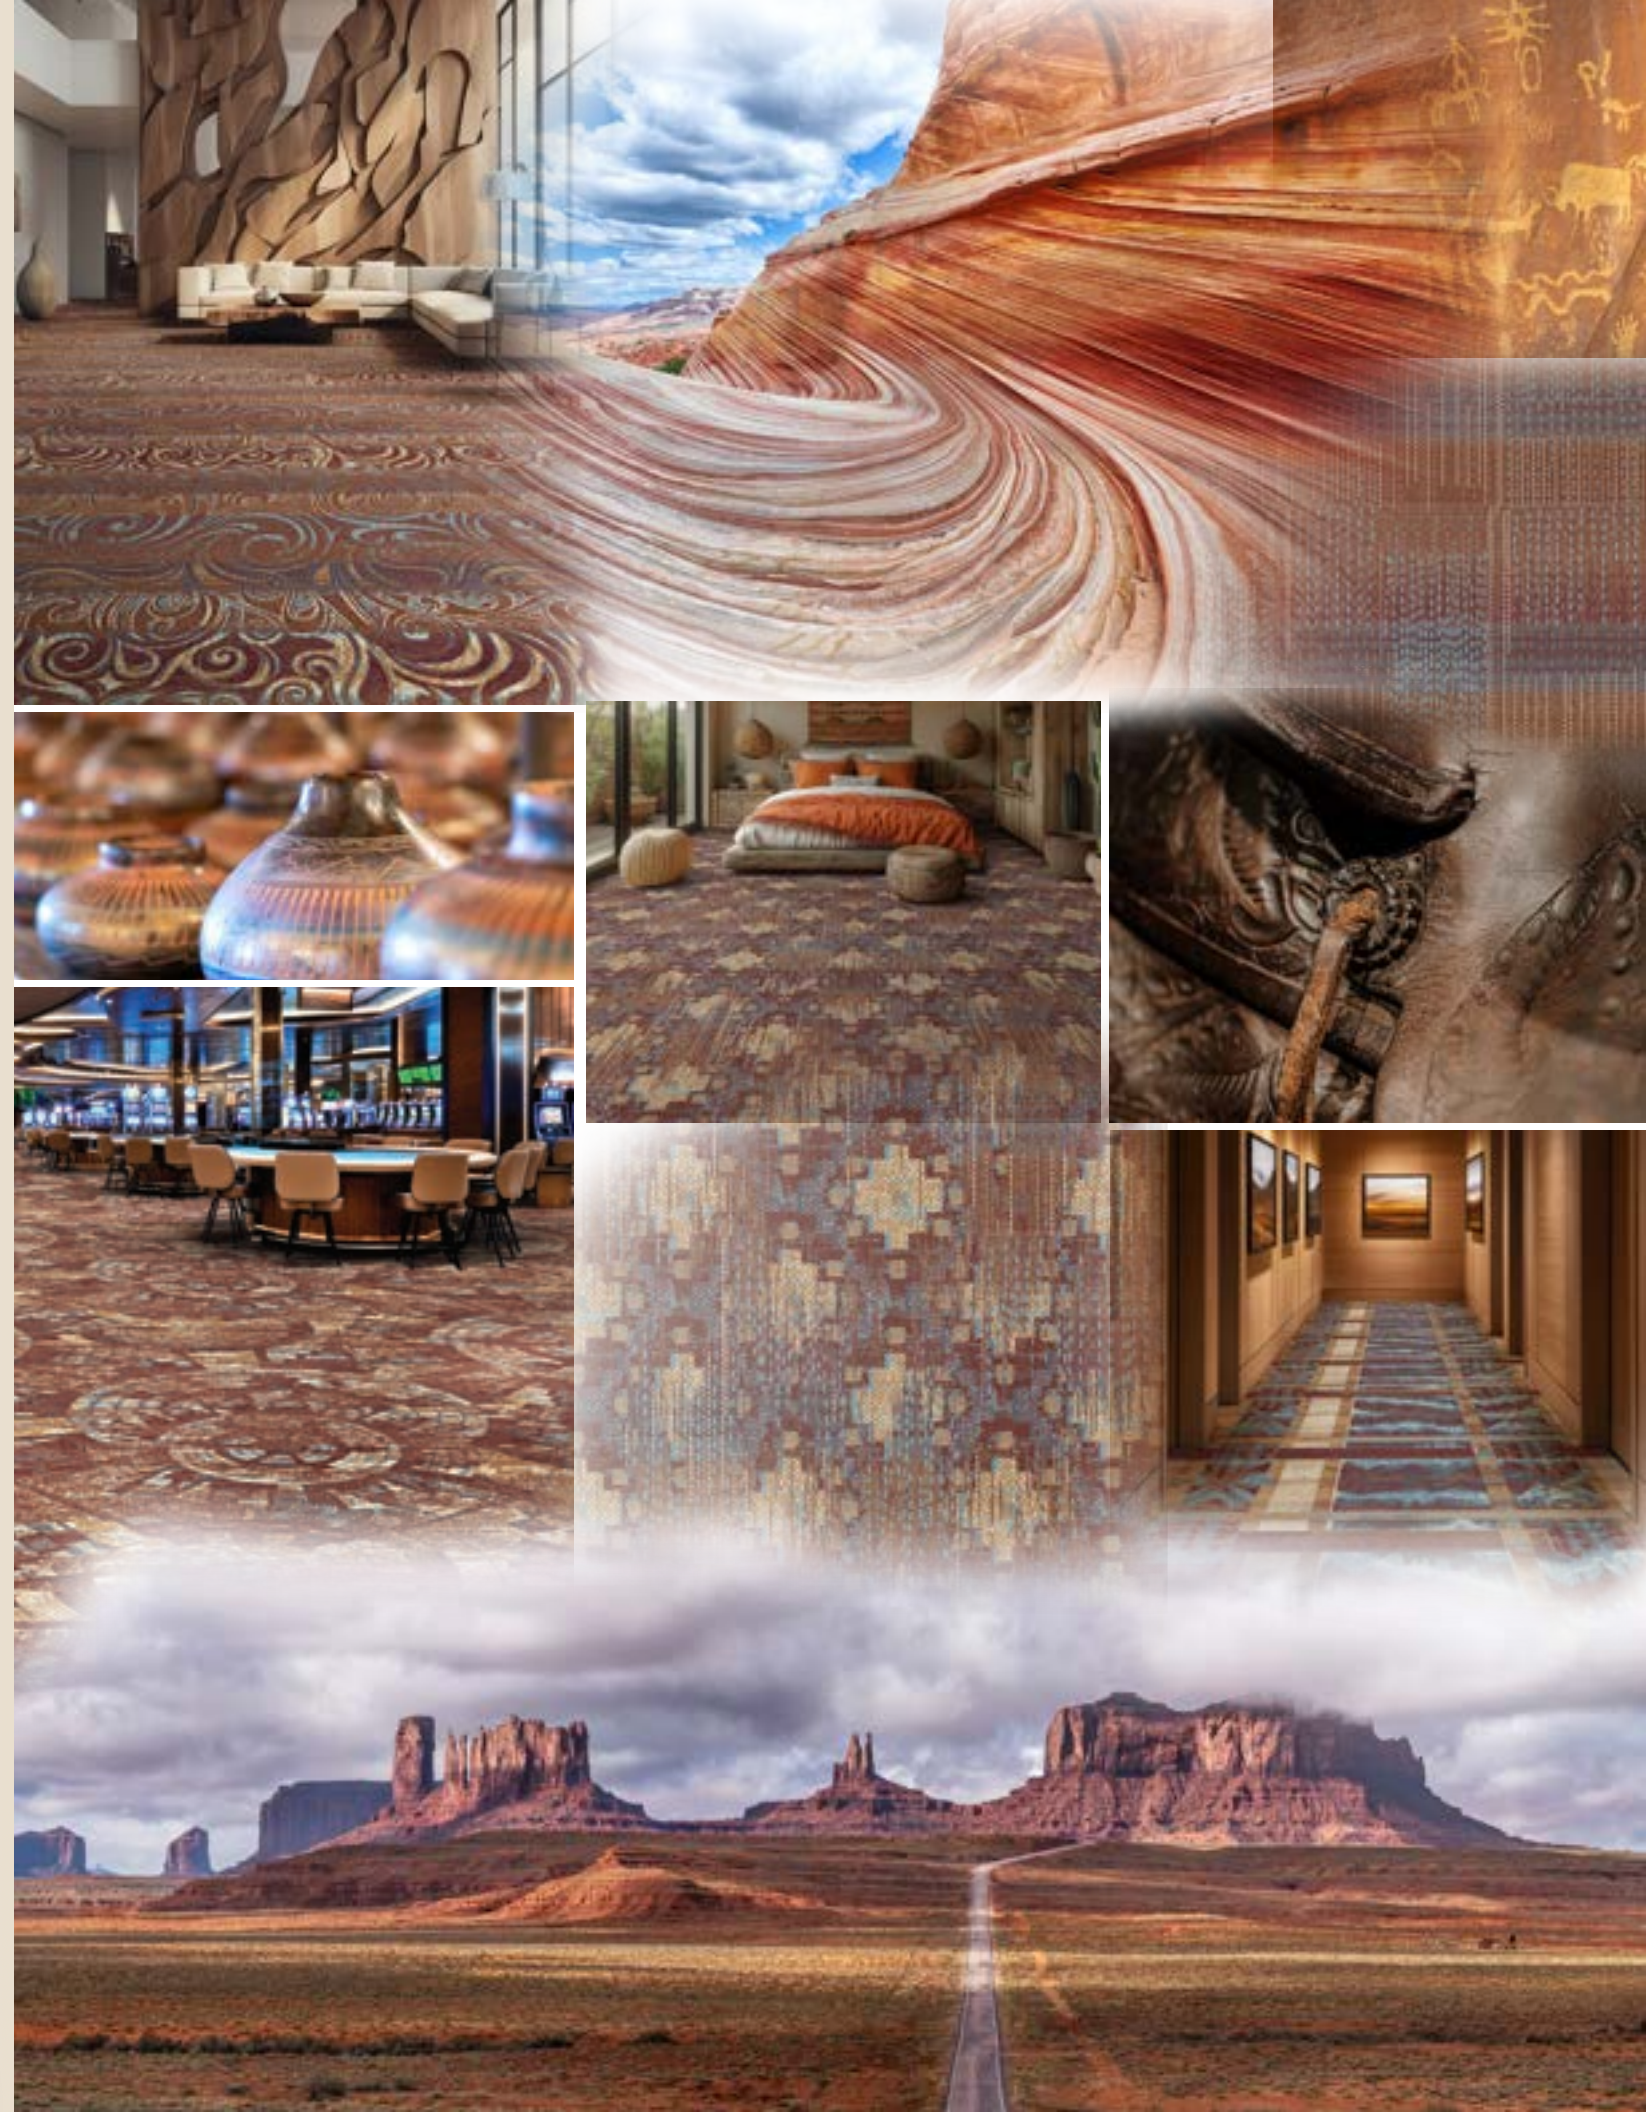

Sienna Summit is a broadloom carpet collection designed for hospitality interiors that want to feel both grounded and elevated. Inspired by a modern Southwestern point of view, it pairs desert warmth and time-worn patina with a refined, architectural edge. Sun-washed neutrals and creamy tones create openness, while clay, rust, ochre, navy, and deep wine bring depth and contrast—lifted by a soft sky-blue accent.

Tailored at a distance, each pattern reveals layered striations, woven-inspired motifs, and subtle handcrafted nuance up close—adding movement and dimension while maintaining a calm, architectural read within a space. Created for guest rooms, corridors, and public spaces, Sienna Summit delivers beauty, cohesion, and performance across the guest journey—offering 11 patterns to layer, coordinate, and scale throughout the property.

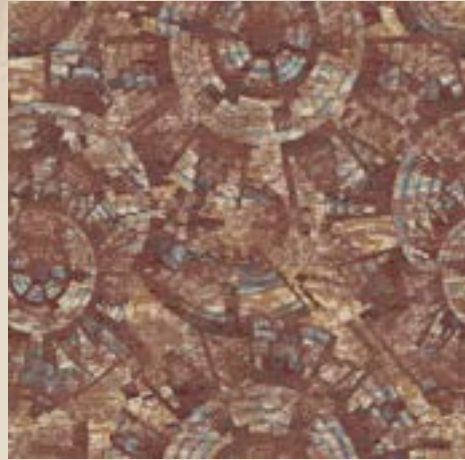

Pattern plays an important role in the collection. From a distance, the designs read as clean, tailored, and architectural, helping to create a calm visual foundation within a space. As you get closer, more nuance begins to emerge through layered striations, woven-inspired motifs, and subtle handcrafted details that add movement and dimension. There's an intentional balance between structure and softness, allowing the collection to feel sophisticated without feeling overly formal.

Sienna Summit was designed to support a cohesive design narrative throughout the guest journey. It can create a softer, more restorative feel in guest rooms, establish rhythm and direction in corridors, and bring greater expression to public spaces such as lobbies, lounges, and meeting areas. It is a collection that works hard from a performance standpoint, while still delivering the warmth, texture, and visual interest designers are looking for when creating spaces that feel memorable and emotionally resonant.

SIENNA SUMMIT

Sienna Summit is a broadloom carpet collection designed for hospitality interiors that want to feel both grounded and elevated. Inspired by a modern Southwestern point of view, the collection draws from the warmth and patina of desert landscapes, layered with a more refined, architectural lens. The result is a collection that feels soulful, textural, and quietly luxurious.

The palette was built to bring depth and versatility to a project. Sun-washed neutrals and creamy light tones create openness and ease, while clay, rust, ochre, navy, and deep wine introduce richness, contrast, and a sense of place. A soft sky blue adds a fresh note to the mix, creating moments of lift within an otherwise earthy and grounded story. The overall effect feels warm, curated, and highly usable across a range of hospitality environments

- ELEVEN PATTERNS
- 100% SOLUTION DYED NYLON
- BROADLOOM 12' W & 15' (pattern dependent)
- EIGHT BROADLOOM I COLORPOINT TECHNOLOGY 40, 42 AND 44 OZ. (pattern dependent)
- THREE BROADLOOM I INFINITY TECHNOLOGY 32 AND 36 OZ. TUFTED PILE WEIGHT (pattern dependent)
- SIGNATURE STAIN AND SOIL RELEASE TECHNOLOGY
- RUGS CAN BE CRAFTED FROM ANY BROADLOOM PATTERN WITH ANY OF SIGNATURE'S LVT COLLECTIONS

SignatureSPARK - We Make Custom Easy

SignatureSPARK allows designers to recolor custom broadloom and carpet tile patterns and create tackboards, manage project assets, find inspiration and more.

Signature is known for its dedication to helping customers achieve their unique vision for hospitality, senior living and commercial environments and senior living. We understand tight project timelines, so we offer a customization process that is fast, easy and doesn't require you to compromise to design visions to meet your deadlines.

INSPIRATION

DESIGN

PLANNING + ESTIMATING

CARPET SAMPLES

SG048

STEP ONE: INSPIRATION

The first step to creating a signature floor is simply for you to send us your inspiration for the carpet's design. From this inspiration, we then begin to make your vision a reality.

STEP TWO: DESIGN

Our expert Design Team uses the inspiration to create the carpet design and then provides a 2D digital rendering (CAD) of the carpet for your evaluation. Working closely with you ensures the carpet design fully captures your vision. Digitally rendered room scene images using the design are also available.

STEP THREE: CARPET SAMPLE

Once the digital rendering of the design is approved, we create a physical sample of the carpet (a "strike-off") and provide it for your evaluation and approval.

STEP FOUR: PLANNING + ESTIMATING

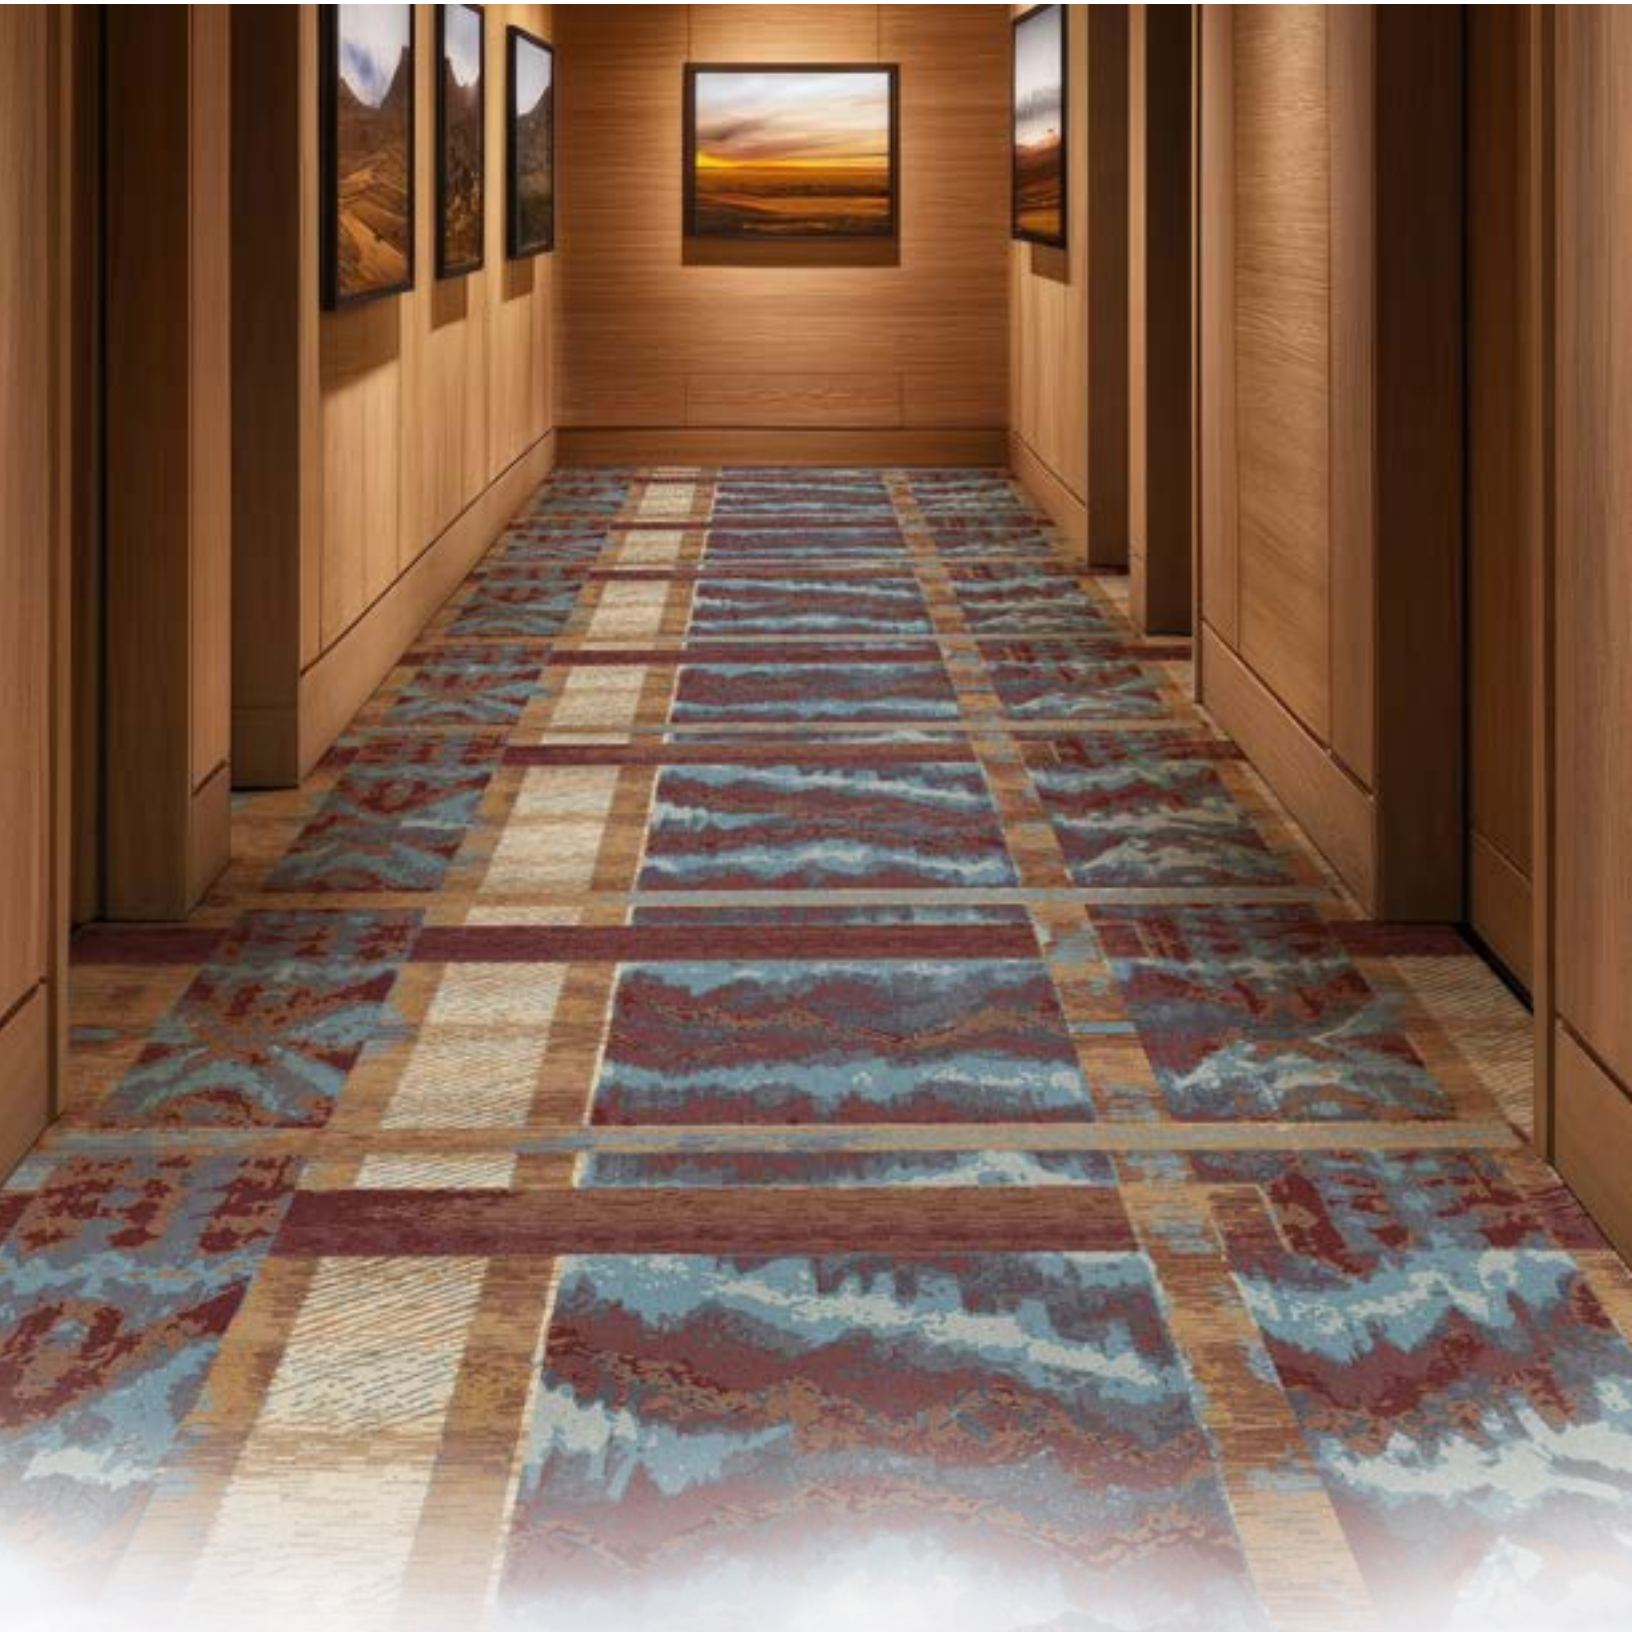

We then render floor plans using the design and provide estimated quantities for project accuracy through our experienced Planning and Estimating Team.

STEP FIVE: PRODUCTION

When the strike-off is approved, the order can be placed, and we create the custom carpet that is ready for installation. With a simple custom design process, Signature makes it easy for designers to create signature spaces.

Ignite your creativity with Signature Spark. To get started on your custom product, log on to signatureflooring.com/spark or contact us at 800-809-7086.
